Ide and behold
The Renegades of 2012 are marching onward
We forward go - Straight through the sun
We are the ones who will watch Babylon crumble
As the new world unfold

We are the ones
The ones we've been waiting for
I'm waiting for you

The time has come
To find our way
Unite the tribe in the desert days
Build a house on the foundation of truth and respect

Fight the good fight - Stand your ground
Fill the air with the righteous sound
Find yourself in the lost and found
Beware I'm aware

I can't sit back - I can't keep quiet
I speak my truth - You can't deny it
I'm not a victim - I'm in control
We are the ones - We bring the hope

Through the valley
The river flows
Against the current
We forward go!

I'm not afraid to do what's right
A tired soul in the dead of night

But it's alright! Yea! It's alright!
But it's alright! Yea - It's okay!
But it's alright! Live for the day

Love finds a way

We are the ones
The ones we've been waiting for

I'm waiting for you

Stop the cryin - The foolishness
I can't sleep in a burnin bed
Be the change you want to see
It's all in your head (p.e.)

Don't believe all the doom and gloom
Conspiracies put the fear in you
Nothin to fear but fear itself
Choose between Heaven or Hell
It's all up to you - To erase the drama
Forgive George Bush - Don't blame Obama

We have the power - Our thoughts create
The time is now- Time cannot wait for no man
No one can do for you what you can
Not Jesus Christ - Not Uncle Sam
Your higher self has a higher plan
No Armageddon - No great depression
Don't point the finger - Look in the mirror
The golden rule - Love they neighbor
Do unto others as you would have them do you

Through the valley the river flows
Against the current we forward go
I'm not afraid to do what's right
A tired soul in the dead of night
But it's alright!
This love can find its way...Yea!
We chant Babylon down we pray...Yea!
We Renegade - We can't obey
The revolution it starts today!

Don't waste my time - I'm tired of the lies and the pain
I'm not afraid to do what's right
A tired soul in the dead of night

But it's alright!
