You will never stop us
You're too late
And now we're taking over
Yeah this is judgement day
You cant stop us
You're too late
And now we're taking over
Yeah this is judgement day

I'm tired of this shit
I riff, I rhyme for this clit
I got that fire, son, I'm online
And nobody can stop me now
So quit, I got no time for that shit
I'm on the home team baby
And nobody can stop me now
You fake, you homie
I know why you hating on me
You scared, you afraid of me
But you cant look away from me
You got nothing to say to me
Pussy, don't play with me
You could never handle me
You fucking with the family
No, you will never stop us
We on a mission
We got X-ray vision
We not trying to listen
To that fake religion
That fake patriotism
That fake terrorism
We murder murder, we murder ya

You will never stop us
You're too late
And now we're taking over
Yeah this is judgement day
You cant stop us
You're too late
And now we're taking over
Yeah this is judgement day

Yeah I've been waiting for this
We all been praying for this
I'm wide awake and you cant take it
'Cause nobody can stop me now
So fuck off, you played and you lost
I'm on that home team baby
And nobody can stop me now
We the ones, we stay ready, we hot
We rock steady, we not playing
Not giving up, take a knot, bend a knot
Break it, temporary insanity
You could never handle me
You fucking with the family
No, you will never stop us
We on a mission
We got X-ray vision
We not trying to listen
To that fake religion
That fake patriotism
That fake terrorism
We murder murder, we murder ya

And nobody can stop me now
You will never stop us

Yeah we worldwide
We orphans, we never die
We stay high, and multiply
(You will never stop us)
Yeah we want it all
The peace, and the love, and the truth muthafucka
(You will never stop us)
Yeah we coming in, we here
We're uninvited, we stand, and we united
We pissed, we down to riot and burn everything in sight
And we dont give a fuck if we go to jail tonight, pussies
We the ones, we stay ready, we hot
We rock steady, we not playing, not giving up
Take a knot, bend a knot, break it, temporary insanity
You could never handle me, you fucking with the family

You will never stop us
You're too late
And now we're taking over
Yeah this is judgement day
You cant stop us
You're too late
And now we're taking over
Yeah this is judgement day
