Yep
Don't bother me!

I'm indestructable

Yeah another Vendetta
No I wont stop
I take em down a level
One by one
Imma come down
I never
Let em up
To play this song
I live this song
So put em up
Im a dog
Im a playa
Yeah know what i mean
Im no chump
Im a hustla
I got mouths to feed
Imma born american
A natural born killer
Now Imma rude boy
Son im a predator

Harder they come
Harder they fall
One and all

I wanna see you suffa

Never lay down
Never say die
Never tap out

I wanna see you suffa

You might win some
But you just lost one
Im the champion

I wanna see you suffa

Harder they come
Harder they fall
One and all

I talk back then let em have it

The sun is getting higher
Your on your own
Im moving back to Zion
Im going home
And when my job is done
I'll find my place in the sun
And never look back
Inside my Babylon
They keep playing with me
Like every single day
Oh yeah but i got something
to put these haters in their place
Imma born american
A natural born killer
Yeah imma rude boy
Son im a predator

Harder they come
Harder they fall
One and all

I wanna see you suffa

Never lay down
Never say die
Never tap out

I wanna see you suffa

You might win some
But you just lost one
Im the champion

I wanna see you suffa

Harder they come
Harder they fall
One and all

I talk back then let em have it

I wanna see you suffa

I wanna see you suffa

Harder they come
Harder they fall
One and all

I wanna see you suffa

Never lay down
Never say die
Never tap out

I wanna see you suffa

You might win some
But you just lost one
Im the champion
I wanna see you suffa

Harder they come
Harder they fall
One and all

I talk back then let em have it

Dont fuck with me
Dont fuck with me

Talk back then let em have it
I talk back then let em have it
I talk back then let em have it
