Do the demons come into your head? When the light is  
Off and you're in bed? You can't understand what  
you've  
Done wrong, because you're one in the crowd, and you  
Sing along.

Hypocrisy! Hypocrisy! So much hypocrisy!

You've given everything to their church, because they  
Say God rules the Earth. But who's their God? Which  
Colour? I bet it's green, just like the dollar.

Hypocrisy! Hypocrisy! So much hypocrisy!

For salvation you must pay, so maybe God will look  
your  
Way? Failed preachers and false prophets, you're just  
a  
Tool for bigger profit.

Hypocrisy! Hypocrisy! So much hypocrisy!

He says he knows how you feel and he has the power to  
Heal. Your hollow and shredded soul, believe in this  
Then you're a fool.

Hypocrisy! Hypocrisy! So much hypocrisy!

He is not a god, don't believe what he says. He is not  
A god, go your own way. His faith is just a lie, stay  
With him and you will surely die.

Hypocrisy! Hypocrisy! So much hypocrisy!
