"March Of Hatred"

All the love that's left in me, turned into misery.
Happiness I cannot feel Black World, is this real?

Hate! Hate! All my love turned to hate, fast flowing
Anger is my fate! We're the Legions of Hate, try to stop
Us, it's to late!

Frustrations from my past, Horror memories are
coming
Back. Evil feeding me with pain, as joy fades, rage I

Gain.

Hate! Hate! All my love turned to hate, fast flowing
Anger is my fate! We're the Legions of Hate, try to stop
Us, it's to late!

Hate! Hate! All my love turned to hate, fast flowing
Anger is my fate! We're the Legions of Hate, try to stop
Us, it's to late!
