1st Verse:

Well the bass drums kickin'  
The bass player's thumpin' on the strings  
And that lead guitar is right up in your face  
The keyboard's playin' a crazy melody  
And I'm drinkin' and singin' a little bit behind the beat

Chorus:

Can you feel it, like I feel it  
Running through your veins like whiskey in a jar  
And do you want it, like I need it  
This music in my blood, just pourin' out my heart  
Can you feel it

2nd Verse:

We played a song in Nashville  
The people were frozen to their seats  
But comin' up from behind was a phat backbeat  
Then the man in the back turned it up just a notch  
'Cause he knew just what we need  
To get that crowd of people up on their feet

Repeat Chorus

Tag Chorus:

Can you feel it (Can you feel it)  
Like I feel it (Like I feel it)  
Running through your veins like whiskey in a jar  
And do you want it (Do you want it)  
Like I need it (Like I need it)  
This music in my blood, just pourin' out my heart  
Can you feel it
