### 1st Verse:

Lying here beside you in the candle light  
It Feels So good to hold you, knowing that your mine  
You reach out to touch me, I softly kiss your face  
And we're lost in a moment, that takes a to another  
place  
So catch your breath and we'll love again  
We'll take it slow so it won't end tonight

### Chorus:

I'm not through loving you  
You're always on my mind  
And I'll be here to hold you  
For the rest of your life

### 2nd Verse:

I know you love me, I see it in your eyes  
The way you move your body, keeps me hypnotized  
So catch your breath and we'll love again  
We'll take it slow so it won't end tonight

### Repeat Chorus

### Tag Chorus:

I'm not through loving you  
(I'm not through loving you)  
You're always on my mind  
(Always on my mind)  
And I'll be here to hold you  
(I'll be here)  
For the rest of your life
