f/ Al-D, DJ Screw

(DJ DMD)

I represent P.A., down for my block

Been reppin' since the 7th grade still won't stop

I'm down with OG's pumpin' nothin' but them old's

Ballin' ass niggas keepin' me in studios

I puts it down tight, tight like White

These gangsta ass beats keep my pockets feelin' right

My click's so real, bout to make a mill

I got to pack a steel in the land of the trill

Been listenin' in to Screw, since 9-2

Niggas talk shit, but whatcha wanna do?

I'm comin' from P.A. where niggas rollin' like g's

Rollin' on d's, smokin' on trees

Drinkin' hennessy in the lac on Vogues

Chevy 6-4's, Monte Carlo's

Bangin' in the clubs, bangin' on the streets

Got everybody bobbin' to these bangin' ass beats

Fool, it's so real

(Chorus (Al-D singing in the background) x4)

G's in P.A., g's in the city, g's in the South so real

(DJ DMD)

What's your name, fool?

(DJ Screw)

Dj Screw, slowin' shit down, puttin' in work

All over H-Town, send me on the scene, drinkin'  
codeine

Get up off my lap cause these haters want my green

Southside for life, that's what I claim

That's what I represent, that's where I hang

Hand on the trigger, pockets gettin' bigger

Screwed Up Click ain't nuttin' but real niggas

(Al-D)

Ridin' on Vogues, pimpin' hoes, slammin' Cadillac  
doors

Jays on my toes, locs fallin' off my nose

Screwed up and screwed out, in doors and out doors

No need for the tint, the kill is foggin' up my windows

Jelly on my ride, but I often side

Red in my pocket glock cocked on my side

Southside for life, this is Al-D

Peace to Rodney, KeKe, and E.S.G., we so real

(Chorus (Al-D singing in the background) x4)

G's in the city, g's in P.A., g's in the South so real

(DJ DMD)

What Screw main?

(DJ Screw)

What's up DMD?

(DJ DMD)

South been down too long playa

(DJ Screw)

I feel you on that, man

(DJ DMD)

We got to keep it real, playa, let's do this

(Al-D)

It's 1-9-9-6, got the South sold

Headed to the East fo' they cream and they gold

Load up the West fo' they triple gold d's

Midwest g's, got them on they knees

Going overseas with the boat and sippin' yak

Showing Europeans how these Southern niggas act

Bangin' in the clubs, bangin' on the streets

Got everybody bobbin' to these bangin' ass beats

Fool, it's so real

(Chorus (Al-D singing in the background) x8)

G's in P.A., g's in the city, g's in the South so real
