Thought I'd seen it all before
No one could show me any more
Sunny skies and and lights so bright
Winter winds deep in the night

Then came a woman
Heaven must have sent
And like a fool
I never guessed it meant

My downfall, Down, Downfall
I never thought I'd fall at all
Downfall, Downfall

If anyone should ask you why
I keep starin' at the sky
Tell them how it used to be
Tell them how it was with me

Then came a woman
Heaven must have sent
And like a fool
I never guessed it meant

My downfall
Down, Downfall
I never thought I'd fall at all
Downfall, Downfall

Then came a woman...

My downfall...
