"Follow Your Dreams"

There are images around us, in everything we see
Some are real and some are fantasy
To the one who sees his vision,
To the child who lives his dreams
You're the one to decide what you're gonna be

Chorus:

So give it your best, and don't worry about what some
may say
Follow your dreams, it's really all that you can do
Give it your best, and remember that life is what you
choose
Follow your dreams, and do what you love to do

There are places you'll remember, and times you may
recall
Faces that refresh your memory
May the thoughts that you will picture, help you come to
see
That you're the one to decide what you're gonna be

(chorus)

(Solo)

So give it your best, and don't worry about what some
may say
Follow your dreams, it's really all that you can do
And give it your best, and remember that life is what
you choose
Go on, follow your dreams and do it, follow your
dreams and do it
Follow your dreams, and do what you love to do, what
you love to do
