You asked me to read this letter  
That you wrote the night before  
And you really should now better  
'Cause she's worth a whole lot more, brother

You know you can't run away and hide  
Is it you don't want to see her cry  
Is that why you won't go and say goodbye

Then you said the fault was yours  
And you really were to blame  
'Twas as if to close the door  
And to hide away in shame brother

You know you can't run away and hide  
Is it you don't want to see her cry  
Is that why you won't go and say goodbye

Yes and why tell me why  
Can't you see that it's not right  
It's a lie it's a lie  
Don't hide your sorrow in the night brother
