O! forgiver,  
You're a true life giver  
When I'm cold  
Warm me when I shiver

O! forgiver  
When I'm runnin' you down  
Now ain't you the clown  
I'm chasing, madly embracing.

You got me laughing inside  
At the happy face I'm facing  
O! forgiver  
You wear it all on the outside.

You're quiet and unspoken  
And I take it as a token  
That I'll be broken  
Long before you will be.  
Yeah, you'll see

O! forgiver  
You bring a day that is lasting  
Still it's slowly slowly drifting by  
For the lucky son  
Of an unknown mother.

O! forgiver, fill my eyes.  
O! forgiver, come on and fill my eyes.  
I see you fillin' up my eyes.  
O! forgiver, come on and fill up,  
Fill up my eyes.
