Chorus:

Who else has your heart tonight, who else (who else)
Who else stays awake all night, who else

If a picture says a thousand words,
You don't have to say a thing
'Cause I can see it in those big green eyes
You can't hide what you can't explain
It's right there in your eyes

(chorus)

I hear a whisper softly in my ear,
A little voice that tries to say
Don't let her go now, she's so good for you
You'd be a fool to let her walk away
Don't let her walk away

(chorus)

(Solo)

(chorus)

I don't wanna be the last to know, oh no
