[Jurassic 5]

We know something you don't know  
And if we don't share then we don't grow  
Unabomb will set the whole world on fire!

[Chali 2na]

Yo, we make you, feel the heat  
This lyric liquid my gills increase, ill speach  
Stills at least 2na builds and reveals the beat  
Dollar bills don't make me feel complete  
Only the wonders of god can repel and dispell deceit  
Burn opponents until they smell defeat  
I repeat, turning moment was when they yelled  
"Retreat!" on the beat  
My brain cells have tweaked from insane levels of heat  
I'm the fish, with the carnivorous teeth  
Finesse & the shark, connecting the dots  
We're wrecking the spot, we making the clock  
It's extra-hot, perplex the dot  
Rock till the detective come and inspect the spot, and if  
he get hot

[Akil]

I'm loading the hot, and slinging the shot  
Whatever ya say, rhythm that be rocking the spot  
I secure my surface, for ??purpose?? not  
I defeat your whole crew with verses pop  
Electrical burnout, we turnout  
Fast and furious flames, you'll get the word out  
You heard about what we bout from the horses word of  
mouth  
Turning out without a doubt, known for always  
speaking out  
We haul ass and smash at last to surpass, feel the  
blast!  
Till the whole world love it like Outkast  
The heat provider, yo heat up the cypher,  
Spark up the place with mics and start a fire!

[Chorus]

Yo the Format is down pat rest assured that

It's the Akil, Chali 2na Unabomber track  
We always give ya that Steyr warfare rap,  
5,4,3,2,1, time to blow black (x2)

[Chali 2na]

This is the Soul-Jam victory chafer  
Your whole camp quick to see anger but behold tramp  
pick the remainder  
That old damn trickery changed the game  
Put it in danger, givin it major fame  
My task is tryna' excell past  
The hell masks that glamour and glitz can sell cats  
And through the foul trash absorb the shell blast  
Like I was the most bombed hotel in belfast! BOOM!

[Akil]

Uh, my rhythm revel I never fail  
Just push it to the limit when I'm serving 'em well  
Yo, ???, roll up another L  
But can't fuck with this young tough black male  
My hands-on experience, no limitless  
Top-notch deliverance, soundboy killing shit  
Protect the fame and the names of the innocent  
Spark the flame hot rain you can't extinguish it

[Chali 2na]

Brothers abandon ship the minute they test 2  
I flow like ?? faucets in restrooms  
Deeper-than-flesh wounds ?? Neptune  
Investigation pending I'll make an arrest soon  
But until then, me and Akil gon' play  
I cradle rob the mic like Rebecca De Mornay  
Impeccable foreplay rapper's do what the song say  
If you use gift of tongue-play the wrong way

[Chorus]

Yo the Format is down pat rest assured that  
It's the Akil, Chali 2na Unabomber track  
We always give ya that Steyr warfare rap,  
5,4,3,2,1, time to blow black (x2)

We know something you don't know, and if we don't  
share then we don't grow  
Unabomb will set the whole world on fire

[Extension]

Man, where is that music comin from?  
I don't know, but it's got the whole block vibratin' man!  
Woooooeeee!  
Akil! Charlie 2na!  
Charlie the Tuna fish,

"But what about the other member of the crew?"  
Dj Format...Unabomb!

[Further Extension]

I want you to know you're getting better  
I don't care what everyone's been saying  
You're getting better  
They're the ones who have been getting worse  
and they don't like what you've been doing,  
understandably  
They wouldn't be saying what they've been saying if  
they didn't want  
you to stop  
They want you to be the way they are, and to stay that  
way  
So, don't get nervous and start asking for help  
That's exactly what they want you to do  
Make it on your own, the way you've been doing
