Here I am singin' my song to you now  
I want you to listen yeah, yes  
I want you to listen  
Makin' my time go by, makin' you smile  
I been thinkin' of you yeah, yes  
I been thinkin' of you

And settlin' down, oh

Back on the road again, here I'm alone again  
Hotel ain't home no, no, no  
Hotel ain't home  
Worn out faces, don't care what the pace is  
I miss my woman yeah, yes  
I miss my woman

And settlin' down  
She's hummin' another sound  
I hear the music in my ear

Here I am singin' my song to you now  
I want you to listen yeah, yes  
I want you to listen  
Makin' my time go by, makin' you smile  
I been thinkin' of you yeah, yes  
I been thinkin' of you

And settlin' down  
But she's hummin' another sound  
I hear the music in my ear
