Stealaway  
My little darling  
Far away  
You and I

Lookin' at you and the way about you  
Fallin' come easily  
No one could ever guess we'd stand here  
Lookin' to disagree

Where did it all go wrong?  
It seems we had too many stars in our eyes  
Now we are lookin' back to see  
How many stars were lies

Stealaway  
My little darling  
Far away  
You and I  
Helplessly  
Hangin' on  
So darlin'  
Stealaway

How did it get so damn confusin'?  
Who cares who's wrong or right?  
We gotta move out of all this darkness  
To see a little light

Stealaway  
My little darling  
Far away  
You and I  
Helplessly  
Hangin' on  
So darlin'  
Stealaway
