I remember the feeling, not so long ago  
The kids came dancin'  
Their hearts were romancin'  
The music was live Poco

Some called it country, some called it rock and roll  
But whatever the sound  
It was sure to be found  
With a heart, a rhythm and soul

Do you remember then, how it was when it all began?  
Do you remember then, how the music made you feel,  
when it all began?  
Do you remember when, when it all began?  
Do you remember when?

New York and Boston, yeah we sure had some fun  
Summer nights in the park  
And when the music would start  
Ooh what a time and then some

We sang together, 'a good feelin' to know'  
Yeah we turned it up loud  
Gave our hearts to the crowd  
But then came the end of the show

Do you remember then, how it was when it all began?  
Do you remember then, how the music made you feel,  
when it all began?  
Do you remember when, when it all began?  
Do you remember when?

To capture the moment  
To make it ours for all time  
I know we can just remember how it was  
When it all began

Oh now do, do you remember when, how the music  
played?  
Do you remember when, when it all began?  
(Oh now, ooh, do you remember when?)  
Oh now, ooh, do you remember when?

Do you remember, do you remember when, do you  
remember?
