"When You Come Around"

I've got my head up on the ceiling
And I can't see myself lookin' down
At a heart that has no feeling
And I could not care when you come around

I'm tryin' to find a way to tell you
Oh my woman you got to leave
And leave my life and try to make do
To somebody who will believe

If they could see through you to all of your lies
And take some time and maybe realize
That it's over before it began
And you're leavin' to find another man, ohhh

If they could see through you to all of your lies
And take some time and maybe realize
That it's over before it began
And you're leavin' to find another man, ohhh

I've got my head up on the ceiling
And I can't see myself lookin' down
At a heart that has no feeling
And I could not care when you come around

No I could not care when you come around
