I call this the stadium shaker, right hand coming from
the ear, crack
Cranium breaker, I don't give a fuck about the stoies
that make you
I pop you and be out before the law can take you
In the game I'm an og, nigga face it
When I'm the room, y'all faces get basic
Nigga tourist mad, see that nigga Bumpy Knuckles
He gonan stay with you...right through his 60's
Hard stands, tighten hands, ... throwing knuckles, with
lightning in hands
These beats bang hard like... come on

Yeah boy, this shit is hot, shake the room
Hip hop is turn..., shake the room
New York city... shake the room
We got a club banger, get off the ...let's rock

When a dj wanna show you he nice he spin wax
When rhyiming is a party, a life you spit facts
When emcee step on stage, with a nigga who don't
give a fuck who you know
They fall back,
You talking to a bonufied pimp, with a 45 on him ...
I dare you to say something
Standing on the side of the stage, couple of goons
might check ya
Premier play something, you ain't big enough for me to
get a rep on
Like 25 pounds I put it down, hit the bench, 300 on the
rack
Too deep breath... come on y'all let's go

Shake the room
We getting it in baby, shake the room
What the fuck do you motherfuckers know, shake the
room

When emcees fall off, the pain is felt
From the bottom of the ... the game is dealt
These punk ass niggas with they blow jobs deals

I miss ... fuck how solo I feel
I step to you, show you how a crowbar feels puts knots
to you
Speed like, over this hot shit,
You always wanted, to be like,
Boy, here's a green light, come on

Hands in the air, I'm the king of this here,
Even though it's not fair, they'll never be a heir
Hands in the air, ladies titties...now we're stopping your
city out, come on shake

This shit is straight up, ... shake the room
On word premier, break your back
We got a club banger homie, word up, shake the room
...shut the fuck up

...boom ...when will you learn?
Bumpy Knuckle primo, we making moves
Collection, bangers, shaking rooms
Yeah boy, this shit is hot, shake the room
Hip hop is turn..., shake the room
New York city... shake the room
We got a club banger, get off the ...let's rock

The boom, hip hop spit by a goon
And I'm better than I was yesterday, afternoon
A lot of y'all niggas is rhyming wounds
And how we get them out, we shake the room, come on
shake

Shake the room
We getting it in baby, shake the room
What the fuck do you motherfuckers know, shake the
room.
