A mufucka wonder what I'll do
Kill you bitch, pop-pop a lot
Youth or ancient, whats the deal?
Southside it's a new era, knoimsayin?
Put you on your boy's mind, real shit
Know what I'm talkin about?

[DJ Screw - Verse 1]

Nobody seems to understand that my brain ain't stable
They got me out on a ledge, feel like I'm fallin off the
edge
It ain't no fable, it's re-ali-ty
Feel like I'll move an your fizzin
they're tryin to tackle me, thats why I keep up the
business
So relative or stranger, better keep yo' distance
I can't determine friend from foe so you in danger
Chemical inbalances of the weed and cocaine
But it really don't matter to society
A nigga that got no face an no name
Deservin more, but I'ma move until I ain't got nothin left
An the only thing thats promised to me is more povert
and death
Cuz theres some niggaz lookin for me an they might be
near
And if they kill me dont shed a tear, Remember I'm a
heavy here
Even still, gotta keep my eyes on the prize
Although my vision is blurry I'm losing life in a hurry
Even my girlfriend dont understand
Don't want her to witness the wicked
so please find yourself another man... haters feel me

[Chorus: repeat 2X]

This..is..my..liiiiife
Forgotten in the struggllle
Livin to shine

[Verse 1 - screwed and chopped]

[DJ Screw - Verse 2]

Opposition and proposition is schemin for cash
And if you bitches is scandilous, I get mad at ya
So I alleviate the pressure, don't try to run
I guarantee the slugs'll catch ya (hahahaha)
Oh yea, I keep some problem solvers
I'll pistol-whip my automatic and revolver, check it
An I'm a, "hello bab-ay", it's in my nature
