She said
We gotta beat this now, babe
Uh Huh, C'mon

She said:
Fix my sink,
Funk my funk,
Walk my walk,
Talk my talk,
Do what you gotta do,
She said fix my sink.

She said:
Fix my sink,
Funk my funk,
Walk my walk,
Talk my talk,
Do what you gotta do,
But fix that sink.

Y'know fuzzy fuzzy, it was a good day,
It was a beautiful day outside,
The sun was shining, I get a phone call, I get a phone
call
It was from the pretty lady on the other side,
And she said, she said baby,
Baby I want you to come over and fix my sink, ha-ha.

She said fix my sink.
I said fix your sink?

She said:
Fix my sink,
Funk my funk,
Walk my walk,
Talk my talk,
Do what you gotta do,
and fix that sink.

She said:
Fix that sink,
Funk my funk,

Walk my walk,
Talk my talk,
Do what you gotta do,
But fix my sink.

So I said baby,
You gotta be patient, baby
Fuzzy-fuzzy's coming over
Baby's coming over
To do what you gotta do
Do what you gotta do
Y'know what I'm saying

So reached in, I got my tool belly, I got my tool
And I went over to my baby's house
And we can a - you know fix that sink she said
She said come over baby, baby I've been waiting for
you
Where you been when I'm comin' down

She said:
Fix my sink,
Funk my funk,
Walk my walk,
Talk my talk,
Do what you gotta do,
But fix that sink y'all.

She said:
Fix my sink,
Funk my funk,
Walk my walk,
Talk my talk,
Do what you gotta do,
But fix that sink.

So I came over and I said baby, where's the leak?
I know that your, your tubes need a boiling,
You need to ah, you need to have your ah, sink fixed.
She said fix my sink.
I said fix that sink?
She said fix that sink.
I said fix that sink.

She said:
Fix my sink,
Funk my funk,
Walk my walk,
Talk my talk,
Do what you gotta do,
She said fix my sink.

She said:
Fix my sink,
Funk my funk,
Walk my walk,
Talk my talk,
Do what you gotta do,
But fix that sink.

Fix that sink on the left and I fix that sink on the right,
And I fix that sink on the floor and I fix that sink all
night,
And I fix that sink to the left and I fix that sink to the
right,
And I fix that sink on the floor and I fix that sink all
night.

So when I was done doing what I had to do,
I wiped my forehead cause I was sweating, y'know y'all,
You know how to sweat?
I was sweating and I said baby,
Baby did I fix your sink?

Baby couldn't talk for a minute,
But when she came back too she said
Baby, you fixed that sink all night
You fixed that sink on the left, and you fixed that sink
on the right.

But I knew what I have to do, y'know what I'm saying?
So when I was done, fixing the sink
She said

She said:
Fix my sink,
Funk my funk,
Walk my walk,
Talk my talk,
Do what you gotta do,
She said fix that sink y'all

She said:
Fix that sink,
Funk that funk,
Walk that walk
Talk that talk
Do what you gotta do,
And fix that sink.

She said baby now are you done fixing my sink?
My friend needs some sink fixing,

She's just lives right upstairs,
And baby, its not a, its not a far trip.
I just wiped my forehead and I said,
Me, me no, I gotta do what I gotta do,
And I gotta fix that sink y'all

She said:
Fix my sink,
Funk my funk,
Walk my walk,
Talk my talk,
Do what you gotta do,
She said fix my sink.

She said:
Fix my sink,
Funk my funk,
Walk my walk,
Talk my talk,
Do what you gotta do,
But fix that sink.

Fix that sink on the left and I fix that sink on the right,
And I fix that sink on the floor and I fix that sink all
night,
And I fix that sink to the left and I fix that sink to the
right,
And I fix that sink on the floor and I fix that sink all
night,

Fix that sink on the left and I fix that sink on the right,
And I fix that sink on the floor and I fix that sink all
night,
And I fix that sink to the left and I fix that sink to the
right,
And I fix that sink on the floor and I fix that sink all
night,

Fix that sink!
