It's amazing to me
I can't seem to say what I'm doing here
My tongue is all twisted around the air
I'm looking for words that were so well rehearsed
But I can't find them anywhere

With you, there's no easy answer
It's true, you change the equation that I add up to
And all of the things that I thought I knew
You turn it around

I'm amazed
When push comes to shove what I'd give to you
Everything
I'm amazed
The hallways I wouldn't mind crawling through
And I'd do it for days and days

I'm amazed
I'm amazed

The places you're taking me to

Wait, I thought I had this down
I built all my cages and my hide out
And I covered all my bases
I locked the door
I shut all my windows

But you, you creep in like a whisper
It's true, I try not to listen, yeah
But I hear you
I'm not really sure just what it is you do
But do it again

I'm amazed
When push comes to shove what I'd give to you
Everything
I'm amazed
The walls that I wouldn't mind crashing through
And I'd do it for days and days

I'm amazed
I'm amazed

At all of the things I know you have done
'Cause this time I think we've really won
The tables have turned
Now I'm taking my hat off to you
You said, we'll see, darling
It's all clear to me
I'm amazed

And here in the foyer, the hallway is small
I don't really think it's a hallway at all
It's a maze

And Johnny, your suitcase was finally received
She's packed up her things and she's ready to leave
It's amazing

And all of the ink that was bled from your hands
Has painted a picture that she understands
It's amazing

And here by the ocean the sky's full of leaves
And what they can tell you depends on what you
believe
The ash is a tree and the voices were three
And all that is gone is here, sweeping through me

It's amazing
It's a maze

The voice of my father still loud as before
It used to scare me but not anymore
It's a maze
