I'm so glad that you decided to come

I'M SO GLAD THAT YOU DECIDED TO COME

PICK IT UP

1, 2, 3, 4...

Go ahead make yourself comfortable darlin'
I've got a proposition for you
There's a room available inside of my heart
And I hope it will be taken by you

You can bring whatever you wanna bring baby
Each and EVERY ONE of your friends
And if you want a dog or a big bullfrog
Hell, I've got room for them
[No, "even"]

'CAUSE I'm so glad you FINALLY decided to come

Another day and I could've gone mad
Another day and it might've gotten bad
Another day and I might have betrayed
Every scruple I have

You cause in me an impossible craving
NO WAY THAT IT WILL be denied
If I decided to make you my religion
I think God would be kind

So I made a wish on a million of THE stars
Registered your name on a few
[No "And"]
That way if you forget who you are
You can look up and see a picture of you

OH I'm so glad you FINALLY decided to come

Another day and I could've gone mad
Another day and it might've gotten bad
Another day and I might have betrayed
Every scruple I have I'm so glad you decided to come

Another day and I could've gone mad
Another day and it might've gotten bad
Another day and I might have betrayed
Every scruple I...

...have to keep ahold of myself
Is that really you or is it someone else
I swear, it looks just like him
I wonder can he see what a state I'm in
Like a broken bridge
GOT TO swing on him
JUST LIKE a jungle gym

Father: I've been IN her house
I've experienced her...HER...HER madness
Daughter: OUT OUT OUT OUT OUT OUT
Father: And I rejected the entire experience

Another day and I could've gone mad
Another day and it might've gotten bad
Another day and I might have betrayed
Every scruple I have
["have" and "Another" overlap here.]

Another day and I could've gone mad
Another day and it might've gotten bad
Another day and I might have betrayed
Every scruple I have

I'M SO GLAD, SO GLAD, SO GLAD

I'M SO GLAD, SO GLAD, SO GLAD

DON'T YOU SEE THAT YOU'RE DRIVIN' ME CRAZY?
DON'T GO LEAVIN' ME NOW...UH
DON'T YOU SEE THAT YOU'RE DRIVIN' ME CRAZY?
DON'T GO LEAVIN' ME NOW

UH-HUH...YEAH
UH-HUH...ALL RIGHT

WHOA-OH...UH
WHOA-OH...YEAH
WHOA-OH...YEAH
WHOA-OH...YEAH
