I hope you're doing fine out there without me  
'Cause I'm not doing so good without you  
The things I thought you'd never know about me  
Were the things I guess you always understood  
So how could I have been so blind for all these years  
I guess I only see the truth through all this fear of living  
without you

And everything I have in this world  
And all that I'll ever be  
It could all fall down around me  
Just as long as I have you right here by me

I can't take another day without you  
'Cause, baby, I could never make it on my own  
I've been waiting so long just to hold you  
And to be back in your arms where I belong  
I'm sorry I can't always find the words to say  
But everything I've ever known gets swept away  
Inside of your love

And everything I have in this world  
All that I'll ever be  
It could all fall down around me  
Just as long as I have you right here by me

As the days roll on I see  
Time is standing still for me  
When you're not here  
I'm sorry I can't always find the words to say  
Everything I've ever known gets swept away  
Inside of your love

x2  
And everything I have in this world  
And all that i'll ever be  
It could all fall down around me  
Just as long as I have you right here by me
