\*YOGI B\* (Intro)

We live in Malaysia . A land which I would say is  
Paradise . I tell myself  
everyday I'm gifted to be born here because all around  
the world people are  
dying fighting over religion , race , human rights and  
so on . Say I will  
loud and proud that of all earthly riches we have peace  
and freedom . All  
religions and races living prosperously in one place .  
And of all  
technologies we have tradition amd culture .  
Something for the souls of our  
children growing in a world speeding so selfishly . It's a  
nice day to be  
alive .

\*SAM\* Chorus

Bounce your head and get down with us (Understand  
it)  
Throw your hands if your hands if you really must  
(Cause we demand it)  
Just get up stand up don't fuss (You know why)  
Tell em why (It's a nic  
e day to be alive)

\*POINT BLANC\*

Ultraviolet beams shinin' bright on my eyes  
I realise how daily life could be so nice  
If you appreciate (Evaluate and contemplate your fate  
state)  
Uncountable blessings in life which we underrate  
(I take a moment lay back reflect detect  
All the memorable times that I had in the pack)  
Cherishin' family and friends I clasp my hands and  
gaze the lands  
surroundin'  
me  
Malaysia land of peace and harmony  
Wondrous fabulous things you never realised  
Begin to unfold materialise before your eyes  
Miraculously enjoyin' tea in the mamak joint  
Somethin' in life with a significant point  
So I thank God for blessin' me a family

That cares for me mad love for my homies  
Everybody gather around the time has arrive now say  
It's a nice day to be alive

Chorus

\*C.LOCO\*

Are you feeling lucky come and take a chance with me  
If you go against me I'm gonna treat you as my enemy  
Ill-fated forget it you can't win I'm in  
I came out I survived I made it  
I've had so much good fortune  
A turn for the better for me comes often  
(As the sun) Shines and as my life goes on  
I give everything I got so you remember this song  
I'm thankful that my life's eventful  
A blessing in disguise in other words peaceful  
There's someone up there who likes me  
Lady Luck's with me never gonna flip me  
(Reflect on your life don't be amazed  
By all the things that the gods did for you)  
Take a look outside and see the clear blue sky  
It's a nice day to be alive

Chorus

\*LANDSLYDE\*

It's the final journey from earth to heaven  
And hell and death and the creep gets to  
My head life is just like a trap and my  
Heart beats but life is indeed beautiful  
But the greed to be alive turns us blind from  
That unseen shinning bright light like a  
Magnet pulling to the other side so let me  
Pray that I will stay alive and knowing  
That I gave a fight that's right for my life  
Uhh gives me the fright alright  
Riskin' and stakin' and playin' you might  
Die you'll read the word hell between  
Your eyes Death never recognise faces  
Religion races if you die dust to dust  
And ashes to ashes your cries to save  
One single life ain't simple crippled  
Mentally when your loved ones dies but I  
Realise I will survive in this game  
You know why ? Coz it's a nice day to be alive

Break .....

\*YOGI B\*

The break of dawn awake I smile with the rising sun

No rat-tat-tat coz no posse here carry a gun  
You better run , drug dealer or gangster you be either  
one  
The fun stops when the judge says you be hung  
Surprise , surprise that is Malaysia so recognise  
Put you in check if you try to mess with my bowl of rice  
The price ! of freedom we paid in the past wasn't cheap  
So we stand to ban all vice straight No creep  
Complain !? Be vain in the land of sun and rain  
Opportunity  
in every corner no pain , no gain  
Touch my Amma's feet for blessings before I go  
Thankful so much for what I got dear Lord me lettin'  
you know  
A Blow ! To homeboys who wannabe gangsters  
There's no racial war here calibrate your logic sensor  
Torment'ah if your ego fits all size  
Realise wake up wise up It's a nice day to be alive

Chorus
