Of limitless chances and wealth sense shattering  
Development materialistic inhabitants  
Stressful in their lifestyles

Depart from their birthplace to metropolitan KL  
Infamous capital where I dwell

It's like I never felt alone in the heart of the city  
Big metropolis thousands of people just all around me  
Immense variation multi-cultures on show  
Now you know in the city of Kuala Lumpur  
Glad to be the home of the world's tallest building  
Petronas Tower working in the city of kings  
With zombie-like daytime determined city dwellers  
Earnin' a livin' only the strong are survivors  
The day turns to night as the nightlife emerges  
We all come alive and become nocturnal creatures  
In the concrete jungle of Human's creation  
Malaysian from the Major Earth Division

\*YOGI B\*

Let me bring journey to MC's overseas livin' the Hip Hop  
creed  
Heads up ! Now player heed !  
Bounce to Kuala Lumpur Malaysia South East Asian

sector  
Stupendous culture fusion architecture  
Faces of many races in places peacefully mingle  
Hardworkin' people of the golden triangle  
In sandles I rendezvous with homeboys in the stalls  
Play the cool drama but keep targets on movin' dolls  
Layback just like that yeah lifestyle so easy  
But when hell breaks loose in K.L. its time to get busy  
Chorus

\*POINT BLANC\*

From the Intrakota that departed Bus Stand Klang

\*LANDSLYDE\*

Of the nation combined multi-racial with history  
The prodigy multi-lingual triangle juristriction  
Brings unity among races the ability
