I saw you get it when you want anything  
I gave it to you when you wanted it now  
I know you feel like it is close to the end  
Staring at me with your back on the ground  
I know your world is in my hands  
You know I pull the strings  
I'd like to see how tall you stand  
Because if I wanted I could take it away

Get laid out or I'm going to lay you out  
Stay down or I'm going to keep you down  
I wanted to break I wanted to burn  
I want to bury you until it hurts  
And I take I don't ask  
This breath will be your last  
Do you feel the collapse

You feel the pressure as I'm pulling you in  
You crumble under the weight of the game  
Before you let it all just go to your head  
Now your praying that your walking away  
You know your world is in my hands  
You know pull the strings  
I'd like to see how tall you stand  
Because if I wanted I could it take it away

Get laid out or I'm going to lay you out  
Stay down or I'm going to keep you down  
I wanted to break I wanted to burn  
I want to bury you until it hurts  
And I take I don't ask  
This breath will be your last  
Do you feel the collapse

I wanted to break  
I wanted to burn (x4)

Get laid out or I'm going to lay you out  
So stay down or I'm going to keep you down  
Get laid out or I'm going to lay you out  
So stay down or I'm going to keep you down

Get laid out or I'm going to lay you out  
Stay down or I'm going to keep you down  
I wanted to break I wanted to burn  
I want to bury you until it hurts  
And I take I don't ask  
This breath will be your last  
Do you feel the collapse

Do you feel the collapse, Do you feel the collapse
