"Morning Tide"

Rise with me now
And we'll walk to the shore.
We'll look over the waves
To the break of day.
I'll hold your hand
I'll hold you close
I'll wipe away your tears
And no one will know.

On the morning tide
We'll hoist the sails to brave the crashing waves.
Won't you come with me and hear the ocean sigh?
And if to its depths it called us by our names
Won't you sail to the shore with me?

Come to me now
And together we'll go
Where the clear winds blow.
Far and beyond
Leaving behind
All our sorrow and pride.
Kissin' them goodbye
Into another life.

On the morning tide
We'll hoist the sails to brave the crashing waves
Won't you come with me and hear the ocean sigh?
And if to its depths it called us by our names
Won't you sail to the shore with me?
Won't you come with me?
Sail to the shore with me
Won't you come with me?
Come with me?
Come with me?
Sail

Love is still here
Never will it leave.
You're always with me
And I'm always with you.

On the morning tide
We'll hoist the sails to brave the crashing waves.
Won't you come with me and hear the ocean sigh?
And if to its depths it called us by our names
Won't you sail to the shore with me?
And we'll hoist the sails to brave the crashing waves
Won't you sail to the shore with me?
