I can't lose anything
I watched you run
From the demons that drown you
Wash the blood, blood, blood, from your hands
From the darkest of days to the deadliest sands

Now's where the liars will come
The broken, the beaten, the battered, the numb

I once wrote these things
So I could change from agonies in me
Then fell from grace and back again
Eyes awake all night
Death renames the light
Death renames the light
Renames the light

I once wrote these things
So I could change from agonies
Renames the light
I once wrote all these things
So I could change from agonies in me
Fell from grace, grace, grace, and back again.
Eyes awake all night
Death renames the light

Now's where the body will bleed
Gale forces the wind, heighten the sea

I once wrote these things
So I could change from agonies in me
Then fell from grace and back again
Eyes awake all night
Death renames the light
Death renames the light
Renames the light

I once wrote these things
So I could change from agonies
Until the end, pain, reveals it

Until the end, pain reveals
Until the end, reveals
Until the end, pain reveals
Until the end, reveals it

The light
Death renames the light
Renames the light

I once wrote these things
So I could change from agonies
I once wrote these things
So I could change from agonies
