We hit the floor with little certainty then truth entered
with more.

Outlining all the ways of which to be.

But no longer the scenery we hoped has taken over
an... and now more than ever you'll find out.

Why I try to fight these changes... battling me, I choose
these chains, inside just imploding, slowing the sound,
I eat at this alive for the sake of breaking teeth.

Resist within, where true hearts ignite, engage within,
fight to hold hearts high

With nothing left I am on anything to give me a repeat,
the lack of faith and hope and the between.

But it's endless, the fight that's never ending and the
body full of heart,

Back it in the corner watch it tear this apart.

From limb to limb it strikes on anything that makes
itself the enemy...

SURVIVE

Slowing the sound, I eat this alive for the sake of
breaking teeth...

Resist within, where true hearts ignite, engage within,
fight to hold hearts high

We are the ones, the tried and true.

We are the chosen few... Embrace the rage you hold
inside.

Burst from the flames, reclaim the heist.

WE WON'T FALL...

Resist the end, where true hearts ignite, engage within,
fight to hold hearts high.

We stand; we stand the tried and true. We stand, we
stand the chosen few.

We will find a way, we will find a way, we will find a
way, we will find a way.
