

Dois A Um "Mãe Lua"

Visit "[Mãe Lua](#)" on MotoLyrics.com

When you're out on the streets and you're looking for
love

There's a voice calling you from above

Living a life in a way you don't like

The devil is ready to strike

It's your time to choose

There's no time to lose

I am, the way, the truth

I am the life

I am, your way, your truth

I am your life

In a land made of crystals with streets paved with gold

Whit hope and joy, we never grow old

Believe in the Son and you won't be denied

Don't be deceived by the great lie
