i just want to see you when your all alone
i just want to catch you if i can
i just want to be there when the morning light explodes
on your face it radiates, i cant escape
i love you til the end

i just want to tell you nothing you don't want to hear
all i want is for you to say
o why dont you just take me where i've never been
before
i know you want to hear me catch my breath
i love you til the end
i love you til the end

i love you til the end
i love you til the end

i just want to be there when we're caught in the rain

i just want to see you laugh not cry
i just want to feel you when the night puts on its cloak
i'm lost for words dont tell me cuz all i can say
i love you til the end
i love you til the end

i love you til the end
i love you til the end
i love you til the end
all i can say i love you til the end
i love you til the end
i love you til the end
thats all i can say i love you til the end
i love you til the end
i love you til the end
