Once in a life, there's a moment  
You better be dead if you know it  
dead or alive you don't know it  
once in a while there's a moment

this time you know they take you away  
here goes my soul i'm leaving again  
before you know they take you away

Youre search fom the sky did you find it  
an erratic flight in the darkness  
I still havn't found you dont know it  
There is the light full of gladness

this time you know they take you away  
here goes my soul i'm leaving again  
before you know they take you away

this time you know they take you away  
here goes my soul i'm leaving again  
before you know they take you away
