Sending out a death shout to my boy Point Blank...May  
he rest in  
Peace..."  
"What? They did kill my nigga Blank..?"

Put me to sleep Blank rest in peace  
Put me to sleep Blank rest in peace  
Put me to sleep Blank rest in peace  
Put me to sleep Blank rest in peace

After I die gonna be a lot of shit  
Cause ain't no telling what my niggas fuck around to  
do this trick  
Who squeezed the trigga on me  
Cause I squeezed the trigga on his little brotha  
yesterday  
I can still remember when I shot him  
Voices screaming in my head: oh, my god, damn, it  
was so simple  
But the very next day I caught 2 to the temple  
I wonder what my family gonna say  
Maybe they was looking for me to die anyway  
You know, my feelings was hurt  
I just got out the penitentiary, now they put me in the  
dirt  
To make a long story short: I was terrible  
Niggas found no weed when they came to my burial  
Bitches cried as they put me in the ground  
But sometimes I think it was meant for me to lay it  
down  
I appreciate if you kiss me  
But I ain't gonna have mothafuckas standing, crying  
over my body  
Just let a nigga sleep  
Fucking with me and shit, how the hell I suppose to rest  
in peace?  
My son don't know about the tragic  
He's just crying cause they won't let him to play in my  
casket  
I can see my girl's face, I know she can't stand it  
Looking like a mind's on another planet

I had a lot of niggas down with me  
Uuh, I just hope to god they don't forget me  
Yeah, a lot of niggas hated me  
And to see me in a grave is what they wanted to see  
A rough brotha from South Park  
And I blame Illinois for making me hard  
Point Blank is guilty...  
Of being mentally fucked up and that's what killed me  
I like to send peace to a brotha that squeezed the  
trigga  
Uuh, he's a bold ass nigga  
And all I got to say:  
I was tired of this bitch ass surf anyway  
I'm out...

86 dope...dope...dope...

Put me to sleep, bitch
