Let Point Blank explain  
The way I smoked the bitch  
I put my hands around her neck  
And then I choked the bitch  
Cause she didn't wanna give it up  
Hoe jumped in my truck  
Front like she gonna fuck  
But it didn't go like I planned  
She changed her mind  
With the quickness  
Man I couldn't understand it  
So I forcefully stripped her  
And cutted her throat like jack the ripper  
Hah bitch said I raped her...

Her body's beautiful so i'm thinkin' rape...  
I plea insanity...  
Bitch said I raped her...

Bitch said I raped her, why?  
Cause I fucked her like a caveman  
Dragged her ass with the bat in my right hand  
"Did you take the pussy?"  
Hell no, it wasn't worth it  
But the shit I went through  
Man, I felt like I deserve it  
So I picked her up around eight  
I was supposed to pick her at six  
But I was a couple of hours late  
So she jumped in my ride  
And we jetted it  
Bitch was fine as a mothafucka  
But I aint sweatin' so I took her for a trip  
To South Park, see  
And we ended pullin' on a dark street  
Fired up a joint so we can get started  
"What if she don't fuck?"  
She gonna fuck cause I'm about it  
Anyway, we ended up in the backseat  
Breathin' hard like we just left a track meat  
The bitch was lickin' on my chest and so on

I got mad cause she still had her clothes on  
I panted in her pants and she stopped me  
Then she said: "No, no, Blank! I aint ready!"  
At that moment a rage flew through me  
I told her: "We gonna fuck even if I have to fuck  
Your dead body! So what's up?"  
She changed her mind real quick  
Sucked my dick and all that other good shit  
The very next day the police was tryin' to shake me  
And her family was lookin' me crazy  
Bitch said I raped her...

Her body's beautiful so i'm thinkin' rape...  
I plea insanity...  
Bitch said I raped her...

I met this other hoe that was locked in my jock  
I wanted to fuck her so  
So I took a turn around the block  
Lean my windows down  
And started to mackin' to the bitch  
And when they saw my car  
The other niggas had a pit but I ain't givin' a damn  
I did what I had to do to thrill her  
But what she didn't knew I planned to kill her  
She jumped in my ride that's when it all began  
Before I knew it I had raped another one  
This shit is gettin' old  
Real out of control  
Just a wimp bitches mud  
They gonna find it in back, I cant stand it  
It didnt go like I planned  
"Calm down, Point Blank!"  
Then help me, God damned, I'm goin' crazy  
Every police in Houston is tryin' to take me  
Sayin' I killed his lady so now I'm runnin'  
Tryin' to dodge the law  
They checked my truck and find the brood  
Noo-oh, the bitch said I raped her

Her body's beautiful so I'm thinkin' rape...  
I plea insanity...  
The bitch said I raped her
