Don't you know that this is the beginning just a game
Don't you know that this is just a game just a game it's
just a game

Chorus

Stand tough stand tough
Never gonna get me down
Gotta get up to get up
Enough is enough
Stand tough stand tough
I'm never gonna give it up
Gotta get up to get up and up and up
Stand tough

This world is changing and the pressure's got me
going down
My feet are walking from this sad and lonely one horse
town
Don't try and stop me 'cos I'm hurting from the cold
outside
My heart is jumpin' jumpin' jumpin' and I don't know
why

Bridge

So what ya gonna do when it all comes down
Tell me tell me tell me tell me
What ya gonna do when it hits the ground woah

Chorus

Had enough of everybody telling me just what to do
I've got to get this message through the wire and
straight to you
Bringing on the good times for the bitter ones are sure
to end
We've got to make a stand 'cos on this world we all
depend

Bridge

Chorus

Don't you know that this is the beginning just a game
Don't you know that this is just a game just a game just
a game
