If we don't snap outa this, I don't know what  
I'm gonna do  
I'm just tryin' to make it up to you  
I see so many lovers policing each other  
Nagging and back Biting  
One upon another

One thing I never want is for us to slip into this  
The hardest thing to bear is when love slips  
into this

Love cries for freedom  
So let's keep it together (keep it together)  
Give it what it needs  
Love cries for freedom  
So let's keep it together (keep it together)  
Give it what it needs

So sit down beside yourself and take a look around  
There are no chains here  
No shackles to be found  
And if we are to be  
Together you and me  
Then nothing will hold us here But our desire to be

Love cries for freedom  
So let's keep it together (keep it together)  
Give it what it needs  
Love cries for freedom  
So let's keep it together (keep it together)  
Give it what it needs

And if it's too much to bear, the pain and  
disappointment  
Then we gotta get up and set each other free  
Because in time all things will be revealed  
And the truth in our hearts  
We won't be able to help but feel
