What should I do with you... ?

What should I do with you?
I'm in love since one year.
You're the onliest girl around the world,
I love, I like.
I always run away, run away to stop the pain

Ref.: I'm fighting, I'm fighting for you and me
Now I'm fighting, now I'm fighting for you and me.

I know my life has changed,
But I don't know good or bad.
I met you, I feel in love,
But in the end I lose my friends.
The friends of my old school,
The best time I've ever had.
I sang Anita Forgive Me
And danced like Michael Jackson.
We are on big family,
Of the world, in my heart.

Ref.: I'm fighting, I'm fighting for you and me
Now I'm fighting, now I'm fighting for you and me.

I'm fighting, I'm fighting for you and me
Now I'm fighting, now I'm fighting for you and me.
I'm fighting, I'm fighting for you and me
Now I'm fighting, now I'm fighting for you and me.

You and Me
You and Me!
