You're just - Your're just - just - the only - g'girl

I know it's not true, but babe I love you,
You'll ever be a part, save in my heart.
Do you remember when we meet us the first time?
You spoke with your friends, I feel in love.
Your - Your Voice, Your - Your Voice.
Let me be in your life, let me be your friend,
Let me kiss you babe, I love you.
Your - Your Voice, My dream comes true!

You're just - Your're just (8x)

Ref.: Your - Your Voice, Your - Your Voice (4x)

If you say my name, it's much more beautiful,
I will ever be alone or you stay with me.
You will never see in me, who I am, what I feel.
I want show you more from me, Tell you my story.
Sometimes it's hard to say, what I want cause' I love
you,
You will never be a part in my life, you hurt me so.
Do you remember when we meet us the first time?
You spoke with your friends, I feel in love.
Your - Your Voice, Your - Your Voice.
Let me be in your life, let me be your friend,
Let me kiss you babe, I love you.
Your - Your Voice, My dream comes true!
