Pressure chamber metabolic mind  
23 down the line  
Don't add another  
I'm okay with this time

Heard the last shot  
Saw red  
Felt the pain  
Fading from my head

World so cold don't fuckin' love me  
Who needs you  
Don't wanna watch  
I'm sheltered of truth

Heard the last shot  
Saw red  
Felt the pain  
Fading from my head

"the final solution, death"

Heard the last shot  
Saw red  
Felt the pain  
Fading from my head
