Do we rock, do we rock?  
Do we rock, do we rock?

C'mon, c'mon, c'mon  
Do we rock, yeah, yeah?  
Take it to the top, yeah, yeah  
Don't you stop, yeah, yeah, woah?

Bring it on down to the next track  
Sliding it to you on the lines of the kickback  
Coming from a source, the Point Break force  
Gonna rock you so good, no choice, no peace

We're the boys from the bright lights, big city  
We took no prisoners now we give no pity  
Graduated from the school and went the wrong way  
Back on the right track, Point Break's our name

Come on you all now stand united  
Get ready to lose control  
(Come on, come on)  
Tell us now and you won't regret it  
Do we rock and roll?

Do we rock, yeah, yeah?  
Take it to the top, yeah, yeah  
Don't you stop, yeah, yeah, woah

Do you really wanna rock, yeah, yeah?  
Take it to the top, yeah, yeah  
Don't you stop, yeah, yeah woah

But now it's rock 'n' roll time like a Friday night  
Gonna bang like a Bond with dynamite  
Everybody looking cool and looking so fine  
'Cos tonight's the night we're gonna have a good time

Volume to sh'nax like it ain't no thing  
Get your booty warmed up 'cos it's time to swing  
To explode the road when we come your way  
To impact, Point Break's to stay

Come on you all now stand united  
Get ready to lose control  
(Come on, come on)  
Tell us now and you won't regret it  
Do we rock and roll?

Do we rock, yeah, yeah?  
Take it to the top, yeah, yeah  
Don't you stop, yeah, yeah, woah

Do you really wanna rock, yeah, yeah?  
Take it to the top, yeah, yeah  
Don't you stop, yeah, yeah, woah

We wanna rock with you  
(Come on, come on)  
We wanna rock with you  
Do we rock, do we rock?  
Do we rock, do we rock?

Do we rock, yeah, yeah?  
Take it to the top, yeah, yeah  
Don't you stop, yeah, yeah, woah

Do you really wanna rock, yeah, yeah?  
Take it to the top, yeah, yeah  
Don't you stop, yeah, yeah, woah  
(Come on, come on, come on)

Do we rock, yeah, yeah  
(Come on, come on)  
Take it to the top, yeah, yeah  
(Take it higher)  
Don't you stop, yeah, yeah  
(Come on, come on, come on)

We wanna rock with you  
Do you really wanna rock, yeah, yeah?  
Take it to the top, yeah, yeah
