I'm not unhappy but I'd take the train today
If you'd let me
If you'd let me
They may be clapping for me but I wait for you to come
get me
Come, come get me

Cause day by day you're coming closer
Making our way clearer and straighter
Turning our faces into the light
And I can't wait to fall at your glory
On my face down in the morning
You're coming closer
Day by day

Somebody told me I could travel the world
To find beauty
To find beauty
But to behold it I would have to keep it within me
Yeah well it's in me

Cause day by day you're coming closer
Making our way clearer and straighter
Turning our faces into the light
And I can't wait to fall at your glory
On my face down in the morning
You're coming closer
Day by day

Give me a mission if I've still got the time
Cause I'm open
Yeah I'm open
Be my vision and I'll be your delight
Cause I'm going wherever you're going

Turning faces into the light
And I can't wait to fall at your glory
On my face down in the morning
You're coming closer
Day by day

Cause day by day you're coming closer

Making our way clearer and straighter
Turning our faces into the light
And I can't wait to fall at your glory
On my face down in the morning
You're coming closer
Day by day

Cause day by day you're coming closer
Making our way clearer and straighter
Turning our faces into the light
And I can't wait to fall at your glory
On my face down in the morning
You're coming closer
Day by day
