How clever is my pride, how it deceives my mind
To think I am in control when I have really lost it all
How brilliant is my greed for what it says I need
And then I've come to find I'm empty on the inside

Real, my heart is aching to be real
So I am coming to You

All my broken motives, all my selfish dreams
All of my foolishness now I understand where it leads
I wanna be in Your love, I wanna be so much more
I know You're reaching out so what am I fighting You
for
So what am I fighting You for

How quick is my doubt to leave my heart without
The presence of Your peace so that I scarce believe
How pardoned is my guilt to crush the life You built
And to keep me far away from any kind of shame

Real, my heart is aching to be real
So I am coming to You

All my broken motives, all my selfish dreams
All of my foolishness now I understand where it leads
I wanna be in Your love, I wanna be so much more
I know You're reaching out so what am I fighting You
for

'Cause only You can save me
And only You can change me
And only You can love me
Here I come, here I come
So I come to You

All my broken motives, all my selfish dreams
All of my foolishness 'cause I understand where it
leads
I wanna be in Your love, I wanna be so much more
I know You're reaching out so what am I fighting You

All my broken motives, all my selfish dreams

All of my foolishness now I understand where it leads
I wanna be in Your love, I wanna be so much more
I know You're reaching out I don't wanna fight anymore

I don't wanna fight anymore
I don't wanna fight anymore
I don't wanna fight anymore
I don't wanna fight
