You tell me no one would love you
If they could see deep inside
You say your friends might desert you
If they knew the truth you hide

Well, there's one who knows you better than
You know yourself
And He still loves you more than anybody else

Jesus doesn't care what you've done before
How you've rebelled or slammed the door
No matter how far you've run or how long you've been
untrue
Jesus doesn't care, He still offers forgiveness to you

For so long you've run from the Father
Into a life of sin
And each time He lovingly called you
You turned your back on Him

No matter if your failures are great or small
There's no way to hide them
He already knows them all

Jesus doesn't care what you've done before
How you've rebelled or slammed the door
No matter how far you've run or how long you've been
untrue
Jesus doesn't care, He still offers forgiveness to you

How many tears will you cry
Till you cry out to the Father? So many tears
An honest plea for mercy, He will not deny
Trust Him and you're gonna find

That Jesus doesn't care what you've done before
How you've rebelled or slammed the door
No matter how far you've run or how long you've been
untrue
Jesus doesn't care, no, Jesus doesn't care
No, Jesus doesn't care, He still offers forgiveness to
you
