Words & Music by Darlene Zschech

Earnestly I sought you  
Lovingly you found me  
Embraced me as your child  
Now I'll never be the same  
No greater love than your Lord  
Never known it before  
Only ever dreamed about  
This abundant love

(Chorus)  
Singing hallelujah, hallelujah  
To my awesome God  
Lift my voice unto my closest friend  
I'll praise you to the end  
Singing hallelujah, hallelujah  
To the faithful one  
Raise my hands in honor of you lord  
I'll praise forevermore

How could I say thank you  
For joy and peace so beautiful  
Father, friend, my Jesus  
Lover of my soul  
Savior of the world  
I dance before your throne all that is within me  
Will rise to glorify

(Repeat Chorus)
