She had her father's blue eyes
He left home before she arrived, Mama named her
Grace
Just getting by on their own
When Grace was 15, she ran from home one December
day

Grace is lost and alone in a world as cold as stone
God is counting on us to reach her with His love

It's all about saving Grace, all about living love
Being Jesus to those He came to save
Sharing life and giving our own away
All about serving God, all about saving Grace

She'd never darken the door of any church
She would say, "What for? No one there would care for
me"
We have to go where she lives
Simply show her who Jesus is, watch Him set her free

For grace flows down from above and faith requires a
selfless love
For a world that's dying to see the hope in you and me

It's all about saving Grace, all about living love
Being Jesus to those He came to save
Sharing life, giving our own away
It's all about serving God, all about saving Grace

There are countless millions just like Grace who need a
merciful embrace
They won't believe our God is real until they feel His
touch

Saving Grace, living love
Being Jesus to those He came to save
Sharing life, giving our own away
It's all about serving God, all about saving Grace

Being Jesus to those He came to save
Sharing life, giving our own away

Serving God, all about saving Grace
