

Point Of Grace

"Unlawful Burden"

Visit "[Unlawful Burden](#)" on MotoLyrics.com

In the name of purity you burden yourself heavily, to purify the flesh is your goal but the true value lies in your soul. Your attempts are in vain only Christ is succeeded at what you're trying. Once again you strap on the unlawful burden, why must you try to purify that which dies? Ashes to ashes dust to dust. Sow to the flesh, reap death. Sow to the spirt, reap life. True purity is only from Jesus Christ, come to the reality, open your eyes. Though your actions may seem noble, purity of heart and mind is what counts.
