These things just took over me  
Just took over my whole body  
So I can't even see no more  
I'm calling my black woman a bitch  
I'm calling my peoples all kinds of thing that they not  
I'm lost brother, can you help me  
Can you help me brother, please

You see what we did, we lost the love  
I'm talking 'bout the love  
The love of your own

But brother, but brother, but brother, check this out  
I still don't understand man, I'm all high off this shit  
man

Well, what I'm trying to say my brother  
Why, why do we kill each other  
Look at our children, what kind of a future  
This is the training thats gonna be given to you  
By the Wu, brothers and sisters  
The revolution, the revolution  
It's time to rise, and take our place  
Will be televised, televised  
So we can inherit the universe  
The planet earth belongs to God  
This is ninety, ninety, ninety-seven  
Every square inch of it  
That he chose for himself  
Is the best part  
Yeah, the revolution should be, televised)  
By every strong woman  
To the highest power  
You'll find a strong man  
And by every strong man  
You'll find a strong woman  
Wont you agree  
The universe is not completed  
Without the sun, moon, and stars  
Wont you be for real  
Thats man, woman, and child

To the highest power  
To all you fake ass niggas who  
Think you gonna survive out here  
Without your black woman, you're wrong  
They have attraction powers on the planet  
I wanna be free  
We are original man, the Asiatic black man  
The maker, the arthur, the cream of the planet earth  
Wanna be free, yeah  
Father of civilization and daughter of the universe  
Want to be free, oh yeah  
The population was seventeen men  
With the two man indians  
Making a total of nineteen men for all  
Being, for all men, all over the planet earth  
Magneta, magneta, magneta, Wu revolution king yeah  
Arise you gods, cause the time for the revolutionary war  
Thats the mental war  
Malcolm X, Malcolm X, Malcolm X  
Thats the battle between god and devil  
Gonna be free  
Take the devil off your plane  
Take him off your mental mentality  
Take him off your brain  
Make a change, from my mind  
Leave all the ciggarettes and guns  
The alcohol and everything  
Thats the mental devil that exists within your body  
Take this pain  
Thats destroying and decaying your mind  
Take these chains, off my mind  
The mind controls the body  
Everything within must come out  
Want to be free  
Don't look towards the sky  
Cause there's no heaven above  
Don't look down beneath your feet  
There's no hell below  
Want to be free  
But heaven and hell exist within  
Heaven is what you make it and  
Hell is what you're going through  
There is only one, god  
There is a whole new one, faith  
There is a holy one  
World, revolution yeah  
At one time it was told to me  
Yeah  
That man came from monkeys, ha ha ha  
That we were swingin from trees  
I hardly can believe that unless I'm dumb deaf and

blind  
Save the children  
You ever heard about, the ape man?  
Gonna be free  
And the ape woman?  
Hey, want to be free  
You have a mankind, that has a beginning to him  
And his ending, is about to come  
Oooh, yeah  
If you take one step  
I will take one with you  
Through the stormy vein  
Swim the deepest sea, with you my brother  
I know, you got to be strong  
Gotta hold on  
Now the story is about to close  
It was a hundred percent of us  
Save the children  
That came on the slave ships  
Eighty five percent of our people  
They're our future  
Was uncivilized  
Poison animal eaters  
They're slaves of the mental powers  
Save the children  
They don't know who the true and living god is  
And all the orchards in the world  
Save the children  
So they worship what they know not  
and they're easily lead in the wrong direction  
And hard to be lead in the right  
And now you got the ten percent  
Who are rich slave makers of the poor  
Who teach the poor lies that make the people believe  
that the all mighty true and living god is a spook in the  
sky  
Save the children  
And you can't see him with the physical eyes  
They're also known as blood suckers of the poor  
Save the children  
And then you got the five percent  
Who are the poor righteous teachers  
who do not believe in the teachings of the ten percent  
Save the children  
Who is all wise and know who the true and living god is  
And teach that the true and living god IS  
supreme being black man from asian  
Otherwise known as civilized people  
Also Muslims, and Muslims sons  
Peace we out

[Cut to Kung-Fu clip]  
I have given it much thought  
It seems, disaster must come  
At best, only postponed  
Shaolin Kung-Fu  
to survive must now be taught, to more young men  
We must expand, get more pupils  
So that the knowledge will spread
