They line the wailing wall, the masses fill up St. Peter's  
Square

Confessions, emotions spill out of desperate prayer  
I know they're not alone, they've come to face the  
penitence stone

I hear the voices, the souls in need of You, 'cause

You are the answer and the meaning of life  
To hearts in darkness, You're the source of the light  
As we walk this human road, every question will find  
You are the answer

Across the playground yard, another future society  
Living and learning the way it's supposed to be  
The days of truth grow dim  
Your hands reached out and [Incomprehensible] write  
them  
The message of hope that can only be found in You,  
'cause

You are the answer and the meaning of life  
To hearts in darkness, You're the source of the light  
As we walk this human road, every question will find  
You are the answer

You shined Your light in me, when I had no way  
Rescued my dying heart that I could not save  
And not just for me but for the world today

You are the answer and the meaning of life  
To hearts in darkness, You're the source of the light  
As we walk this human road, every question will find  
You are the answer

You are the answer and the meaning of life  
To hearts in darkness, You're the light  
As we walk this human road, every question will find  
You are the answer

You are the answer and the meaning of life  
To hearts in darkness, You're the source of the light  
As we walk this human road, every question will find

You are the answer

You are the answer and the meaning of life  
To hearts in darkness, You're the source of the light  
As we walk this human road, every question will find
