I'm having a notion It's a strange, the strangest
emotion I'm all wrapped up with my head in the clouds
The sweet child thinks he doesn't deserve me But i'm
not that proud I'd walk for miles to see that handsome
face To be with you baby I'd go anyplace So you say
that you ain't got money Well I don't care Cause I'm so
in love with you honey What I got i'll share Take me by
the hand Help me move my mountains aside Help me
understand That love is stronger than It'll serve you
longer than pride Now father lend me your strength I
know you think I'm weak but i'm not ashamed Cause I'm
in love and I'll tell you it's real I may be young but I
know what I feel So you think he's gonna up and leave
me I disagree He said he'd give up the world just to
please me And care for me he'll Take me by the hand
Help me move my mountains aside Help me
understand That love is stronger than It'll serve you
longer than pride When I first looked in his eyes I felt
this chemistry and much to my surprise Here's a man
full of beauty and free of greed And I'll stand by him
cause he's all that I need That sweet child thinks he
doesn't deserve me But I'm not proud I said it once but
I don't think he heard me So I'll say it out loud...
